

Kwesi's Dad Saved The World

African Soldiers during World War II

By Zenobia

Kwesi's Dad Saved The World

**Was the African continent sleeping during World War II?
Certainly not!**

The stories of African (and Caribbean) soldiers during World War II have yet to be told.

Children, parents, and teachers, just as you find pride and delight in reading the praises of American soldiers of African descent, you will also marvel at the accomplishments of African and Caribbean soldiers who fought during World War II.

Parents and teachers, help your children to expand their views on the contributions of Africa and the African diaspora to the world. Make this children's book a welcomed addition to your child's library. This book is accompanied by a parent/teacher's guide (which includes vocabulary development, maps of Africa, brief World War II history, as well as a few fun learning activities for you and your children). This included parent/teacher guide makes this book an interactive project for you and your children. Stimulate your children to life-long learning!

**Purchase your copy for \$10.00 from the website:
africanamericanwealth.us and download. Your purchase is tax deductible and all proceeds go to projects supporting the health of pregnant women and healthy babies in Sierra Leone, West Africa.**

This book is recommended for ages 6-10.

Kwesi's Dad Saved The World, is an inspiring story for children reflecting how military fathers saved the world in the past and continue to do so everyday. This book is dedicated to military *mothers* as well as fathers.

**How did Kwesi's dad save the world?
I'll tell you a story that is true
Kwesi's dad saved the world for me
Kwesi's dad saved the world for you
Kwesi's dad is so brave, so strong, and I knew
How hard he fought to win World War II**

**© photo by Sylvester Lubala of African World War II veterans participating
in Tanzanian World War II memorial**

**Kwesi's dad made friends like you and me
Friends who helped him win that war you see
My friend Kwesi told me too
That his dad fought hard during World War II**

**© photo by Andrew Chirenje of a veteran soldier who enlisted in Nairobi,
Kenya in 1943 and fought in World War II**

**Kwesi's dad, like my dad too
Did what he felt was right and true
What can you believe?
What did Kwesi's dad do?
Believe that Kwesi's dad fought
To win World War II**
